

Did you grab your free book?

Hey book lover! How are you? Did you get a chance to download your free copy of First Blade? If not, you can still [download it in all formats at this link](#). If you like snarky characters, dastardly villains, and action-packed fight scenes, I think you're gonna get a real kick out of this book.

I was inspired to write First Blade from my love of paranormal/supernatural movies and TV shows. Plus I love a good, strong, female lead, a girl who doesn't need rescuing and can kick butt with the best of them. I'm a massive fan of Angelina Jolie and her role in the Tomb Raider series. Most of my female leads channel a little bit of Ange in them. Once I was hooked on Tomb Raider it wasn't a stretch for movies like Indiana Jones and the natural progression seemed to be tv shows like Supernatural, The Vampire Diaries and The Originals.

As more and more of my favourite genre of tv shows began appearing on our screens, I really began to internalize the stories, of different scenes I'd add in my imagination or different endings. As a result, I started working on First Blade. It took me a couple of years to figure out how to write a novel, but once I did, I think I created something that even Lara Croft would be proud of.

Do you have a favourite TV show or movie that inspires you? I'd love to hear about them. Shoot me an email so we can talk about it.

I hope you really enjoy [First Blade](#). I'll talk to you soon.

xoxo
